APPLICANT'S INTERVIEW SUMMARY

Box AF

Sir:

The following summarizes the personal interview held with the Examiner on Aug. 19, 2003.

The undersigned reviewed all of the references used to issue a final rejection of the claims, and pointed out how the proposed amendment of claim 1 distinguished over the art of record, namely, that the claim calls for a flap while Oster shows and describes a pocket. Dictionary definitions were pointed out as clearly distinguishing between the two.

It was also noted that no new issues are involved because the details of depending claims 10 and 11 would be inserted into claim 1.

A favorable action is solicited.

Respectfully submitted,
